Number of lives for ZION

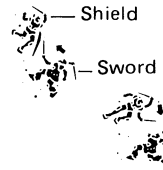

The target appears when SPACE GUARDIAN is in the first column. SPACE GUARDIAN can fire only when he is in the first column.

**2nd Scene**

- Protect yourself from ZION's attacks by pressing the DEFENSE key
- Draw your sword by pressing the ATTACK key

SPACE GUARDIAN can be hurt when he is in this position

SPACE GUARDIAN dies (loses one life)

**HOW TO PLAY**

**1. Turn ON the POWER switch**

**2. Select one game with SELECT keys.**

The game starting sound will then begin playing if the "SOUND" switch is in the "ON" position.

**3. The 3 possible ways to play**

- (1) Setting the "SELECT" key to MANUAL for a 2 players game.
- (2) Pressing the SELECT key to play SPACE GUARDIAN vs COM (SPACE GUARDIAN against the computer) where you are SPACE GUARDIAN and you play against the computer).
- (3) Pressing the SELECT key to play ZION vs COM (ZION against the computer) where you are ZION and you play against the computer).

The number of remaining lives that the player and his opponent have (12 each) is registered constantly on the screen. You lose one life each time you are defeated by your opponent.

**4. 1st Game**

Use the ACTION key in order to place Space Guardian in the best position to attack and to avoid the enemy. Then use the ATTACK key to fire at the enemy.

- a) your enemy appears in the center scope
- b) your enemy appears in the left scope

- a) move your player to the center of the 1st column to be able to attack him
- b) move your player to the top of the 1st column to be able to attack him

The opponent loses a life

Access to Game 2 is automatic when one of the two players has lost all twelve lives.

**5. 2nd Game**

12 lives per player  
Attack your enemy with the ATTACK key.  
Protect yourself with the DEFENSE key.

**ATTENTION:**

You can only be killed when you are in the left or right position of the screen, in the center you are only wounded.

**6. END OF GAME**

The game ends automatically when you have taken all twelve lives of your enemy or when he has taken all twelve lives of yours.

**7. TO REPLAY THE GAME**

Choose the game by pressing the SELECT key and the process starts again.  
Do not forget to place the POWER switch on "OFF" when you have finished playing the game.

**HOW TO INSERT BATTERIES OR USE AN ADAPTER**

1. Open cover of battery box (back of the game).
2. Insert batteries in the battery box without confusing the positive and the negative.
3. Close the cover completely by sliding it through the notch of the battery box. Change Batteries as soon as display dims.

**How to use the AC adapter**
