

**SERVICE**  
**500C/D AND 500D/M TELEPHONE SETS**  
**CONNECTIONS**

**1. GENERAL**

**1.001** This addendum supplements Section 502-521-402, Issue 4. Place this pink sheet ahead of Page 1 of this section.

**1.002** This addendum is issued to show 500DM telephone sets manufactured after 6-1-82 will be marked (under or near the date code) "1-PTY". This marking indicates the set cannot be used for multiparty service connections.

**2. CHANGES TO SECTION**

**2.001** On Page 1, add paragraph 1.03 as follows:

**1.03** Telephone sets *not* marked "1-PTY" are adaptable for all classes of line and ringer connections. Sets marked "1-PTY" cannot be used for multiparty service connections. If service other than individual or bridged ringing is required, a 500D2M base, housing and handset must be ordered separately.

**NOTICE**

Not for use or disclosure outside the  
Bell System except under written agreement
